

TEMPLATE FOR ADVERTISING RESEARCH POSTS

based on indications given by par. 4.4.1 of the
"Report of the Working Group of the Steering Group of Human Resources Management under the
European Research Area on Open, Transparent and Merit-based Recruitment of Researchers"

Recruiting Department/Research Unit of Education, Cultural Heritage and Tourism

Title: *ACCESSIBLE AND INCLUSIVE HISTORIC CENTRES*

Offer description:

The objective of the project is to enhance the cultural, economic, and social system of the inner areas of the Marche region through the promotion of new forms of social interaction focused on the quality of life. The theme of accessibility, both physical and intellectual, to the cultural heritage and historic villages it contains, represents an important aspect of this goal. This should be developed through a model of enjoyment centered on awareness, respect for historical fabrics and heritage, the use of advanced communication technologies, and the expansion of stakeholders.

Within this framework, the grantee will collaborate in achieving the following specific objectives:

OS 1: Develop a comprehensive understanding of the existing challenges within the historic villages of the Marche region concerning accessibility, with a particular focus on the built heritage. To facilitate potential future planning of improvement initiatives, careful consideration should be given to the layers of architectural fabrics, correlating them with the social and productive changes that have caused them.

OS 2: Identify best practices and experiences to formulate intervention guidelines specifically tailored to the situation in the Marche region. These guidelines should ensure interventions that respect the contexts, are effective, and are compatible with the preservation and enhancement requirements, fostering inclusive dynamics.

Researcher career profile:

- *R1 First Stage Researcher (up to the completion of PhD)*
