

## TEMPLATE FOR ADVERTISING RESEARCH POSTS

based on indications given by par. 4.4.1 of the

"Report of the Working Group of the Steering Group of Human Resources Management under the European Research Area on Open, Transparent and Merit-based Recruitment of Researchers"

**Recruiting Department/Research Unit:** Department of Political Sciences, Communication and International Relations

### Title:

The research grant is part of a PRIN project whose main objectives are to assess the impact that different ways of sharing information, managing the emotional dimension, and facilitating patient involvement using decision-making processes have on patients' attitudes and behaviour in the clinical oncology context. The research fellow will have to carry out the activities of data collection, analysis, design and testing of a platform through which it will be possible to manage the data and metadata of a corpus of audio-recorded and transcribed interactions and interviews with doctors and patients, dealing primarily with the technical aspects, the usability of the contents (usability of the interfaces and data search and analysis systems, etc.), as well as the data governance aspects.
