

TEMPLATE FOR ADVERTISING RESEARCH POSTS

based on indications given by par. 4.4.1 of the
"Report of the Working Group of the Steering Group of Human Resources Management under the
European Research Area on Open, Transparent and Merit-based Recruitment of Researchers"

Recruiting Department/Research Unit: Department of Humanities

Title: *Art.it - Art in Transition. Arts between environmental sustainability and digital innovation*

Offer description:

The purpose of the research will be to prepare the dataset on which to test and train the AI applications envisaged for the Art.it project website. The winner will be in charge of collecting and processing the material produced by the various subjects involved in the work, verifying its compliance with the characteristics of the platform and ensuring the quality and uniformity of the contents. He/she will be in charge of organising and structuring the data according to shared standards that allow an effective implementation of AI functionalities, while ensuring consistency with the project's objectives. He/she will also have to collaborate in the production of texts and editorial content for both the website and the final publication, contributing to documenting and disseminating the research results and good practices that emerged during the project.
