Recruiting Department/Research Unit: Department of Economics and Law

Title: *Proposals regarding implementation methods and tools used in Italy-at the national, regional, and local levels-to increase the efficiency and effectiveness of public policies, with particular reference to public-private partnership instruments and to the management experiments as a model for the provision of services of general economic interest.*

Offer description - Funded by the European Union – Next Generation EU – PNRR mission 4, component 2, investment 1.1

In the field of public legal sciences, the problem of efficiency and effectiveness of public policies has been addressed in Italy especially since the 1990s through a plurality of approaches that need to be comprehensively described and analyzed. In particular, in the course of the research activity, the methods and tools that have been used in Italy - at the national, regional and local levels - to increase the efficiency and effectiveness of public policies will have to be analyzed, with particular reference on the one hand to public-private partnership tools, and on the other hand to management experiments as a model for the provision of services of general economic interest.
